COLLEZIONE DI QUADRI E POSTER

BUBOLA&NAIBO

Bubola&Naibo nasce nel 1976 a Soligo, nel cuore delle verdi colline patrimonio dell'Unesco in provincia di Treviso, come un laboratorio artigianale di cornici. Nel corso dei successivi anni la piccola bottega si espande andando ad insediarsi in uno stabilimento moderno e funzionale che occupa oggi una superficie di oltre 15.000 mq.

Grazie ad un patrimonio storico sviluppato lasciando il giusto spazio all'innovazione, Bubola&Naibo si contraddistingue nel mercato per la passione e la dedizione con cui risponde alle esigenze dei propri clienti e per la varietà di prodotti che insieme alle cornici costituiscono un'ampia offerta per la decorazione delle pareti di ogni ambiente.

Bubola&Naibo was born in 1976 in Soligo, in the centre of the green UNESCO hills in the province of Treviso, as a small artisans workshop. In the following years the small frames workshop becomes bigger till the present 14.500 sqm of modern and functional factory.

Thanks to a historical heritage developed giving the right space to innovation, Bubola&Naibo stands out in the market through the passion and dedication used to answer to its customers' needs and through the product variety that, together with the frames, represents a wide decoration range for every room wall.

Bubola&Naibo lavora ogni giorno per ridurre l'impatto ambientale, guardando al futuro con uno sguardo diverso. Negli stabilimenti viene usata energia verde: Verde Dentro di Repower è energia rintracciabile e attestata come rinnovabile al 100% dalle certificazioni TÜV SÜD – marchio accreditato e riconosciuto a livello internazionale.

Bubola&Naibo works every day to reduce the environmental impact, looking to the future with a different outlook. Green energy is used in our company: Repower's Verde Dentro is traceable energy that has been certified as 100% renewable by TÜV SÜD - an accredited and internationally recognised label.

WALLART

“Abbiamo pensato, progettato e creato questa collezione interamente presso il nostro dipartimento creativo. Un team di esperti ha lavorato sui disegni, sui materiali e sulle tecniche di lavorazione artigianale per ottenere quadri, stampe incorniciate e specchiere che si distinguono per il design semplice, le linee pulite e i colori naturali.”

SU MISURA

Caratteristica fondamentale di questa collezione è il fatto che, essendo tutti pezzi concepiti e prodotti presso gli stabilimenti Bubola&Naibo in Italia, sono disponibili diverse variabili tra cui scegliere per avere un servizio "su misura".

Per ogni categoria di prodotto ci sono delle opzioni di personalizzazione che, a seconda dei materiali, potranno essere richieste e risponderanno a tempi e prezzi personalizzati.

TAILOR-MADE A key feature of this collection is the fact that, all pieces are designed and produced at Bubola&Naibo's factories in Italy, there are several variables to choose from for a tailor-made service.

For each product category, there are customisation options, which, depending on the materials, can be requested and will respond to customised times and prices.

MATERICA

Materica è stata pensata e progettata nel nostro dipartimento creativo, e viene realizzata attraverso un processo artigianale che prevede una prima fase con una posa, fatta manualmente, di materia, ed una seconda in cui viene ricreato l'effetto pittorico attraverso un macchinario da stampa.

Il risultato è un quadro materico, dove ogni pezzo si differenzia dagli altri nei dettagli della lavorazione.

Materica è composta da 40 soggetti suddivisi in tre misure standard 60x80, 90x120, 65x140 che potranno essere disponibili su richiesta anche in alcune misure alternative.

Materica was conceived and designed in our creative department, and is realised through a hand-crafted process that involves a first phase in which the material is laid, done manually, and a second in which the pictorial effect is recreated through a printing machine.

The result is a material painting, where each piece differs from the others in the details of the workmanship. Materica is made of 40 subjects in three standard sizes 60x80, 90x120, 65x140, which can also be available in alternative sizes on request.
